Subject : Quality Certificate

Dear Mr. Hamidi,

We are writing this letter to thank you for your outstanding work on the Rudeshur project. We would like to continue by Andisheh Shomal Co. because of high quality gas stations filters (5-10 and 2 microns) and we have not seen any fault about them. Your functional expertise and attention to detail were tremendously valuable on the project.

You joined the project at a very early time. You were able to quickly understand the objectives and the quality of your work was recognized and appreciated by other functional team members, the client, and technical staff alike.

Again, I would like to express my sincere thanks for your contributions to our successful implementation of the Rudeshur project.

We look forward to continue our beneficial relationship.

With Best Regards,

Kuno Gelpke
